

BORN AUTISTIC

We can be successful

You are worthy

We can have amazing talents

You can have friends

We do have a voice

We may see things you don't

We do have feelings

Our views and opinions are valued

We only want understanding, acceptance and love!

Being autistic isn't the end but just the beginning

CANad^a

For any medical advice, it is important to contact your GP. Our information is provided by people that have a personal perspective and approach.
