Chairperson Mrs Debbie Marshall

I am very proud to announce that we are bringing to Lincolnshire the Neurodiversity Alert Card and Wristband. This is for adults and children with ASD, ADHD, Dyslexia and Dyspraxia. This is in line with the Autism Alert Card that is already being produced in the rest of the country. As soon as I have the stationery back from the printers I will be able to start this scheme. We have been lucky enough to get funding from the National Lottery for this project.

I attended the Lincolnshire Autism Rally last week. If you didn't go, myself and my children had a wonderful time even if it was windy and it rained but that didn't matter as the day time/evening entertainment was all inside. I am looking forward to attending next year.

Andrew Cox a Therapist & Herbalist attended our last support meeting. He did a talk about a Holistic Approach to OCD and ASD. Everyone attending the meeting found it all very interesting. If you want to find out more telephone Andrew on 01522 532986.

If you want to find out any latest information we do have a blog, twitter or The CANadda Daily <http://paper.li/LincolnCANadda/1315676728>. We also have Facebook now, if you want to sign up to CANadda's page the link is <http://www.facebook.com/pages/Canadda/166789403408997?sk=wall>

Our next meeting is on the 21st of November at 7pm this will be our last meeting this year. This is a good opportunity to come along and have a chat with me or other members about anything you like. Please note that I am having a couple of morning support meetings next year instead of them all being evening to give people that can't make the evening meetings a chance to attend.

HUGE THANK YOU—CANadda owes a huge THANK YOU to Chris for having the charity ball "Wear your wedding dress again". Chris has raised CANadda a lot of money. I, Debbie Marshall and Faye Johnson attended this ball and we had a brilliant time.

CANadda Support Meeting

21st November 2011 at 7pm.

Year End Get Together / Raffle

£1 per person this includes food and drink

Everyone is welcome.

Famous Dypraxic Quote

At school David was made to feel stupid due to his clumsiness and his problems with spelling and writing. He was told that he was only fit for sweeping roads by his teachers but years on he is a famous photographer who takes photos of famous people such as The Beatles, The Rolling Stones, Razorlight, Kaiser Chiefs etc. All this proves is that dyspraxia is not barrier to success.

The Same, but Different

A presentation by Ruth Harvey

Ruth Harvey is a 31 year old woman. Diagnosed with Asperger Syndrome. A double graduate and successful professional, her presentation 'The Same, but Different' tells her story of growing up without a diagnosis and her reasons for seeking diagnosis as an adult. Gain insight into the difficulties presented by Asperger's and why it makes life be the same but different.

For presentation enquiries or for individualised consultancy call: 07414 578574 or email: ruth.harvey@yahoo.co.uk
