Debbie Marshall — Chairperson

There is another chance to come and hear my amazing talk about Asperger's. Please don't forget to book if you would like to come and learn more about sensory differences, anxiety, social and meltdowns.

Our next meet up is this month in Leadenham at the George Hotel, we shall look forward to catching up with some of you there.

In August 1917, I am looking at completing an unique Mannequin Challenge in the city of Lincoln, if anyone would like to join me and be apart of this amazing experience and others please would you email me for more details, thank you.

ClearView— Opticians

You can now get the following test here in Lincoln
Meares-Irlen Syndrome, Irlen Syndrome, Scotopic Sensitivity Syndrome

T. 01522 542121

Hi, my name is Debbie Marshall and I have been delivering inspirational and positive talks, training, presentations and lectures on autism for seven years. I have years of lived experience as well as a diploma in autism and I also have a teaching qualification. I have helped Lincoln County Council and NHS put autism intermediate training together for Lincolnshire. In 2016 and 2017 I was one of the finalist at the NAS Professionals Awards.

DEBBIE MARSHALL

TALK ABOUT ASPERGER'S

16 June 2017

This unique presentation is to educate people about the condition. It has been put together by Debbie Marshall as she wants to invite you into her exclusive world of having Asperger's from a personal perspective. This talk focuses on Sensory, Anxiety and a Meltdown in detail.

University Of Lincoln

Senario Research Adult Participant

If you are happy to participate then you will be invited to attend one testing session, lasting approximately 20 minutes, in a quiet room on the University of Lincoln campus. You will then be given opportunity to consider the five scenarios and to answer either 'yes' or 'no' each one. Next, you will be asked to explain why these particular choices were made and your explanations will be audio-taped. The audio recording tapes will be used only for research purposes. You will also be asked to fill in a questionnaire, measuring autism spectrum traits, and a few details about your (age and gender). You are free to withdrawn from the study at any point without explanation.
